TOGETHER WE WIN®

INFORMATION SERVICES

Access and control your data

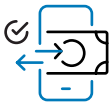

Increase efficiency, reduce costs and mitigate risk.

Our Information Services give you the freedom to manage your financial affairs, providing you with the information you need whenever you need it.

Online Banking

Business Online Banking provides powerful tools to help you manage your cash better, save time, improve cash flow and streamline your cash management processes, all in a very secure environment, available 24/7.

Mobile Banking

Business Mobile Banking provides a centralized, efficient, secure way to manage your business finances with quick, easy access to account information and critical reports any time of the day or night, from almost anywhere in the world. With Mobile Banking, you'll have the complete range of self-service banking capabilities in your hand.

Connectivity Services

Use SFTP file delivery service to have account data information automatically sent to your accounting software system or made available for pickup. See up-to-the-second real-time balance information by connecting to our APIs. Or have account information sent to your accounting software via the SWIFT network.

Your Banc of California Relationship Manager and Treasury Relationship Manager will help you select and use the services that are best suited for your needs, as part of a tailored banking solution.
